

Dear Kremenets district friends,

As the end of the secular year approaches, Ron Doctor, Sheree Roth, and I ask you to consider including the Kremenets Shtetl CO-OP/Kremenets District Research Group in your charitable giving. Your tax-deductible contributions help us obtain records for Kremenets-district towns and have them translated from Polish, Russian, Hebrew, and Yiddish. Please consider ...

1. ... making a contribution to the Kremenets account via JRI Poland. Donations fund the acquisition and translation of additional documents and records. Please see below for ways to donate.
2. ... contributing services by translating documents, providing us with new documents and datasets, volunteering to help input and/or process new data, or providing web or Excel services. If you can help, please send us an email ([KremenetsDRG@gmail.com](mailto:KremenetsDRG@gmail.com)).

Thanks to our affiliation with JRI-Poland, 100% of your contributions go toward acquiring and translating records. We are lucky to have volunteers doing the rest of our work--such as editing and compiling data from the records and maintaining our [website](#) and our master index, the [Concordance of Personal Names and Town Names](#). The Concordance now includes 389,243 name-town combinations extracted from sources relating to the Jews of the Kremenets district:

- Vital records (births, marriages, deaths, and divorces):179,399
- Revision Lists (censuses): 141,270
- Documents from the Central Archives for the History of the Jewish People, other than vital records and Revision Lists: 24,047
- Yizkor books and booklets: 11,967
- Ellis Island Database: 9,553
- Other sources: 23,007

For a complete list, including links, see the ["All Resources" page](#) on our website. Proofed records are available to all. Unproofed records are available on the [KDRG Contributors Site](#) (for those who have donated money or services during the previous two years). Names and towns from all records are searchable in the [Kremenets Concordance Database Index](#).

Of the 1,291 towns cited in the Concordance, the most commonly mentioned are Kremenets, Vishnevets, Radzivilov, Shumsk, Katerburg, Yampol, Vyshgorodok, Ostrog, Lanovtsy, Belozirka, Pochayev, Oleksinets, Berezhtsy, and Rokhmanov. If you have ancestors from these or other nearby towns and have not searched recently, we encourage you to [search for their names](#).

As always, many thanks for your continued interest in our work.

Regards,
