Dear Mamushka

After a long time I am glad to be able to write you a few lines. I am healthy and I look good. I have enough to eat - for example hot stew, which is very good, bread with marmalade or margarine, cheese, etc.

My living area is very nice and I am warm so, you see, dear mamushka, you have no reason to worry.

How are you? Hopefully you are healthy. How are our loved ones in Trnava? I will be working as a watchmaker here. I am glad already, because soon I will receive my increased portion of $\frac{1}{2}$ kg sausage, which we will get twice weekly.

Enough for today – with regards and kisses

Your loving son

Eugen
